THE CARVING OF CHARACTER THROUGH CARING OF THE SOUL

The philosophy that Sister Nivedita School abides by is to ensure an educational environment that is child-centered and the 'learning journey' of each and every child is a blissful one. Therefore in the parent-teacher gathering we endeavour to discover every child's distinctive qualities and nurture them to the maximum scope possible. Also, the academic studies are balanced with overall development so that the child can progress to the next class in the short run and blossom as a confident adult in the long run. Sister Nivedita School believes in the proven 'activity-based learning' model which is the central force behind CBSE's success.

OUR VISION & MISSION

To impart knowledge with a blend of skills and values in man-making, to inspire and to empower the creative young minds with robust health to emerge out successfully.

Bright future!*
